

Vision and Purpose

Vision Statement

Point Reyes National Seashore will be a model of environmental stewardship – a coastal sanctuary where all park staff and the public are actively involved in the common goal of maintaining, protecting, restoring, and preserving the natural and cultural integrity of the park.

Purpose Statement

Point Reyes National Seashore was established to preserve and protect wilderness, natural ecosystems, and cultural resources along the diminishing undeveloped coastline of the United States. Located just an hour's drive from a densely populated metropolitan area, the Seashore is a sanctuary for countless plant and animal species and a haven for human inspiration, education, and recreation.
